Dear Community Members,

Welcome to GMYS' 62nd Season! My name is Jessica Munch-Dittmar and I am the Executive Director for the Greater Miami Youth Symphony. Given current circumstances, we have a unique and exciting year ahead that includes virtual, hybrid and in-person performances and with this comes advertising opportunities that are equally unique! There are many different fun and creative ways to advertise with us this year, either through traditional print opportunities in our playbill which will be available for virtual download to video advertisements before each of our virtual performances. This will be a wonderful opportunity to promote your business to a wide audience of children and families with a potential reach of over 3,000 people.

Whether you're looking to advertise services, events, recruitment or anything in-between, our diverse participants will be engaged and interested by what you have to offer. Please reach out to us if you would like to see some examples or templates to inspire your advertising art work. The advertisement order form is also included in this package. If you have already purchased an advertisement – thank you! It will be featured in whichever format you disclosed on your order form.

We look forward to working with you!

Jmnd
